Macroeconomic & Corporate News

IMF to revise Jordan GDP forecast

The International Monetary Fund (IMF) Jordan mission chief Ali Abbas on Tuesday said that the fund will take into account new data issued by Jordan while revising the October 2020 IMF World Economic Outlook. In remarks to the Jordan News Agency, Petra, Abbas said that the macroeconomic forecast for Jordan published in the October 2020 IMF World Economic Outlook, which projected the real GDP growth for 2020 at -5 per cent, is being revised in the context of the ongoing virtual staff mission for the first review of the Extended Fund Facility. While revising its forecast, the IMF team will take into account new information, including recently published data from Jordan's Department of Statistics that point to better-than-expected GDP growth in the second quarter of 2020, he added.

IEC urges electoral lists to open joint bank accounts

The Independent Election Commission (IEC) has called on electoral lists to open bank accounts in their names in preparation for the upcoming elections to the Lower House scheduled for November. "The IEC has asked all the election lists to open joint bank accounts as stipulated in the regulations," said IEC Spokesperson Jihad Momani. According to the IEC website, there are 295 lists registered, including nine that were denied registry until the candidates would abide by the regulations stipulated by the commission. Some of the issues were related to candidates who did not resign from their current jobs, while others chose names that were against the regulations, according to Momani. "We had one list that included the name 'God' and this is against the regulations since the posters and pamphlets might be subjected to abuse or might fall on the ground and people would end up stepping on them," Momani said. So far, 1,717 candidates announced their participation in the elections, including 368 women, according to the IEC website. The IEC had announced in July that elections for the 19th Parliament would be held on November 10, following a Royal decree in July directing the concerned authorities to hold parliamentary elections in accordance with the provisions of law. The Kingdom is divided into 23 constituencies.
