## Macroeconomic & Corporate News

### Jordan's economic growth projections for 2019 drop slightly to 2.2%

Jordan's economy is expected to grow by 2.2 per cent in 2019 and rise slightly to 2.4 per cent in 2020, according to a World Bank report released Tuesday. The report, entitled "Reforms and External Imbalances: The Labour-Productivity Connection in the Middle East and North Africa", indicated that the Kingdom's economy is expected to grow by 2.6 per cent in 2021. The forecast indicates a slight drop from previous projections by the World Bank, as a previous report earlier this year expected the Kingdom's growth for 2019 to reach 2.3 per cent, 2.4 per cent in 2020 and 2.7 in 2021. The World Bank report indicated that in addition to comparatively low economic growth, many MENA economies have persistent trade and current account deficits.

### Committee selects 100 Arab start-ups to take part in upcoming World Economic Forum at Dead Sea

The World Economic Forum and the Bahrain Economic Development Board (EDB) on Monday selected the 100 most promising Arab start-ups of 2019, according to a statement sent to The Jordan Times. The initiative aimed to integrate Arab entrepreneurs into a national and regional dialogue on pressing challenges, and those selected will participate in the World Economic Forum on the Middle East and North Africa at the Dead Sea on Sunday and Monday. The forum, which will be held under the patronage of Their Majesties King Abdullah and Queen Rania, will bring together industry and government leaders to discuss the future of industries and how to add value to societies, the statement said.

### GAM grants compensation, exemptions for shops damaged by construction, flooding

The Greater Amman Municipality (GAM) on Tuesday decided to exempt all traders whose shops are located on the King Ghazi Street in downtown Amman from fees for vocational, handicraft and industrial licences in 2019. The decision to refund merchants who already paid these fees for 2019 is in response to a petition they submitted for compensation for damages resulting from ongoing renovation works in the area, the Jordan News Agency, Petra, reported.
