Aqaba Container Terminal releases its eighth annual sustainability report

Aqaba Container Terminal releases its eighth annual sustainability report. Throughout the year, ACT has taken every opportunity to improve themselves in terms of environmental impact and sustainable socio-economic development, while operating the terminal with the highest levels of efficiency. These efforts were reflected few months ago when ACT received the prestigious ‘Terminal Operator’ award at the Lloyd’s List South Asia, Middle East & Africa awards. In 2018, ACT managed to reduce its energy intensity by 5.5%, improve its water intensity by 1%, reduce its waste levels by 13%, and decrease its total Greenhouse Gas (GHG) emissions intensity by 10%. These initiatives, in addition to the extensive employee hazardous materials training, have created an environment of green, eco-friendly proactivity that sets a glowing example for other parties within the sector.

King meets group of young Jordanians, calls for encouraging youth’s political engagement

His Majesty King Abdullah, during a meeting on Sunday evening with a group of young Jordanians at Al Husseinia Palace, stressed the need to adopt youth’s ideas and to encourage their political engagement, noting that young Jordanians must realise that their voice is heard and has an impact. During the meeting, attended by HRH Crown Prince Hussein, King Abdullah expressed pride in young Jordanians, noting that they give hope in Jordan’s economic, political, and social reform endeavours. His Majesty listened to the young Jordanians’ success stories in various initiatives, as well as their ideas to encourage political engagement among youth and develop partisan and parliamentary work, as they noted the importance of the King’s discussion papers in this regard, a Royal Court statement said. The young Jordanians also highlighted their initiatives in youth and political work, as well as interfaith harmony, volunteerism, training and empowering their peers, and countering extremism.

US-Sino trade setback prolongs the equities slide

Global equities fell on Monday after their worst week of 2019, as hopes of an imminent US-China trade deal were crushed and neither side showed a willingness to budge, raising fears of a fresh round of tit-for-tat tariffs. The United States and China appeared at a deadlock over trade negotiations on Sunday as Washington demanded promises of concrete changes to Chinese law and Beijing said it would not swallow any “bitter fruit” that harmed its interests. “Looks like we are just slowly ebbing away. More Tweets from Trump over the weekend stoking the fires for a trade war,” said John Woolfitt at London-based Atlantic Markets.
