Macroeconomic & Corporate News

RJ posts positive Q3 results

Royal Jordanian (RJ) posted JD31.8 million in net profit in this year's third quarter against JD12.9 million net profit in the same period last year, RJ's President/CEO Stefan Pichler said on Tuesday. Pichler was speaking at a press conference on Tuesday during which he presented the national carrier's turnaround plan which was approved by RJ's Board of Directors during its session on Monday. RJ's finances have started to recover since the beginning of June, which marked the start of the company achieving first monthly net profit in 2017, he said. He noted that the net income increased exponentially in the following months, enabling RJ to cover the JD27.8 million losses, incurred in the first five months of the year. According to Pichler, RJ's strategic objective is to position itself as the number 1 network carrier in the Levant. This is based on three main pillars, foremost of which is sustainable profitability that attracts the capital market and targets increasing operating margins in the coming five years.

Jordan, UAE sign 12 deals, agree joint ventures

Jordan and the UAE on Tuesday signed 12 agreements, protocols, memoranda of understanding and executive programmes that govern ties between the two countries. The deals were signed in Abu Dhabi at the conclusion of the third session of the Jordan-UAE ministerial committee co-chaired by Foreign Minister Ayman Safadi and his Emirati counterpart, Abdullah Al Nahyan. The deals would contribute to opening wider horizons for cooperation between the two countries, the Jordan News Agency, Petra, said. They included memoranda of understanding on financial and technical cooperation, mutual recognition of conformity certificates and quality mark for products between Jordan Institution for Standards and Metrology and the UAE Authority for Standardisation and Metrology. They also include cooperation in the fields of telecommunications, ICT and electronic transformation between the Jordanian Ministry of ICT and the UAE Telecommunications Regulatory Commission, as well as in the field of green growth between the Ministry of Environment of Jordan and the Ministry of Climate Change and Environment of the UAE. An agreement was also signed to boost cooperation in the field of competition policies and related legislation between the Ministry of Industry, Trade and Supply of Jordan and the UAE Ministry of Economy.

Ministry, World Bank launch project to develop urban planning

Five municipalities in Jordan are making use of a new one-year project run by the Planning and International Cooperation Ministry and the World Bank to develop their urban planning. Minister of Planning and International Cooperation Imad Fakhoury on Tuesday acted as patron to the "first-of-its-kind" workshop that tackled the outcome of a project in the Arab world that aims Jordan to develop the capacities of five selected municipalities in the Kingdom with the help and technical assistance of the World Bank.
